Tom,

Please find attached the latest email communication from the court reporters on the two missing transcripts and place in the appropriate web folder with the others.

Just spoke with Mr Talarico and he noted that the Clerk filed these (twice) and mentioned the clerks stamp appeared on 11/9/2023 just before 5pm.

Other than Veterans Day (observed on the Friday the 10th of November) I'm not sure why it took till Tuesday the 14th of November to be notified these were stamped by the circuit clerk.

Of Note is that on 11/9/2023 somehow between 2:25 PM and minutes before 5 PM Judy Carlson was able to contact her retired former employee (Stacy Collins) and have her former employee dig out of archives the transcripts and get them filed with the circuit clerk on the 9th of November before 5 pm without a courts order is not believable.

Paul
