Dear Mr Talarico,

Lets try just sending all the files without zip compression.

If this doesn't work I can send them in small batches.

Dear Mr. Dulberg,

I can download what you sent but opening it is a completely different problem.

All I get is some error message which I do not understand.

Additionally, I cannot do a word or phrase search.

This is not a productive use of my time, but if you have any suggestions, please let me know.

You state that the content of the file isn't from what the Clintons sent to you and that you have read the entire file without finding any reference or notice to withdraw the Gooch Discovery and as such they will not have any written documents to contradict your statement that you were not informed.

Please explain your concerns.

Your anticipated cooperation is greatly appreciated,
Alphonse A. Talarico

Dear Mr Talarico,

I have attached a file named;
Clinton Emails.zip

I am not sure when I send this if it will actually attach the file or give you a link from which you can download it.

This file needs to be decompressed once it is downloaded.

It is a large file, If you have issues getting this file please let me know and we can work out some other way of getting this to you, ie. Thumb drive.

This file is not from the Clinton email correspondence with me found in the Clinton files.
It is from my emails I sent and received on my computer.

There is mention of new discovery between the time that Gooch filed his discovery package and Clinton Gave Mr Flynn their discovery package but it makes no mention of replacing or withdrawing the original discovery package from Mr. Gooch.

Further the term "New Discovery" as I took it at the time would have been in addition to Mr Gooch's original discovery.

Thanks,
Paul
