Subject : Another created/forged document with a purpose?

Dear Mr Talarico,

I feel silly sending these but since you showed me the exhibits I am finding issues with many documents.

Please compare the two documents listed below and keep in mind the dates and the back of the McGuires settlement check we requested when looking at these.

I don't believe these go together but both seem to be missing their counterpart and neither appeared anywhere before 2019.

Thank you,
Paul
