Dear Mr Talarico,

Per our teleconference this morning, I have confirmed that the file, Dulberg Mast Dep Exh 12 Legal Research .pdf that Julia Williams sent to Barbara G. Smith has issues when opened in the free Adobe Acrobat DC PDF Reader on the windows platform.

I was able to duplicate the missing/white 22 pages and the last 5 Pages being readable.

I have also opened the file numerous other ways; Firefox web browser, Apple Preview, etc and do not have the same issue so it is something unique to the windows platform and Adobe's PDF reader.

At this time I cannot explain why the file doesn't open correctly in the free Adobe Acrobat DC PDF Reader on the windows platform but I will look at this again and try to see if I can find a technical reason/explanation for the issue.

This is good as far as Barbara G Smiths notes as to why she was asking for another copy of exhibit 12 from Julia Williams and why Barbara Smith does not have a stamped copy of exhibit 12 within her subpoenaed files.

This is not so good for the defendants, Thomas Popovich and Hans Mast, nor their attorney Mr Flynn as they have an official copy of the deposition from Barbara G Smith and knowingly submitted a forged Hans Mist exhibit 12 to the court as if it is authentic.

Thank you for helping me see the technical issue Barbara G Smith had with the file,  
Paul
