Subject : 2022L010905 transcript issues

Dear Mr Talarico,

I cannot obtain a transcript of today's proceeding because the Law Division of Cook County was only covered by Court Reporter Services (CRS) up until June 19, 2000 (the date that the Office of Official Court Reporters ceased covering the division) and there is no recording or transcripts that may be had of any proceeding in the Law Division of Cook County without hiring a separate court reporter for each and every proceeding.

I spoke with Amy, a partner of Advocate Court Reporters, LLC, whom says her agency can handle all of the hearings whether the hearings are by Zoom or in person.

Advocate Court Reporters LLC rates are as follows:

\$190.00 per hour - 2 hour minimum

\$95.00 per hour - each additional hour

\$4.95 per page of certified transcript provided in a searchable PDF format.

Below is a link to their web page:

<https://advocatereporters.com/>

It appears this is going to be an added expense for each court date and I am curious if your friend who does court reporting is interested in taking on the task of reporting on our court proceedings for the duration of the case?

Thank you,
Paul
