Dear Mr Talarico,

Attached is my draft that I am trying to finish.

I'm hoping you can help me with something I don't know so I can finish this up quicker.

I am trying to reference paragraphs in approximately 4 different documents.

What's the proper method, or how do you want me to reference a ¶# from another document?

In the attached file the ¶#'s are in green and they all look just like the one in the first paragraph.

Thanks, Paul
