On filing Motion to Reconsider next Monday.

The first 3 Exhibits attaching to the Motion to Reconsider are

- 1) Exhibit 1: A document named "Clear and Convincing Evidence of Fraud on the Court in 12LA178"
- 2) Exhibit 2: A document called "Clear and Convincing Evidence of Fraud on the Court in 17LA377 During Gooch Representation"
- 3) Exhibit 3: A document called "Clear and Convincing Evidence of Fraud on the Court in 17LA377 During Clinton-Williams Representation"

Mr Talerico has already read much of document #1 because it is the same as "ARDC Complaint against Popovich and Mast" with all references to ARDC removed and renamed.

Mr Talerico has already read document #3 because it is the same as "ARDC Complaint against Clinton and Williams" with all references to ARDC removed and renamed.

But Mr Talerico has not yet had a chance to see document #2. It is already written and consists of 80 pages. We are in final edit and touch-up now.

I'm sure that Mr Talerico wants to read anything he files with the court before filing it. In this special case of filing the Motion to Reconsider on Monday this may not be possible.

So this is my concern: That we are ready to file this important motion on Monday. Paul and I have everything ready right now and are doing final touch-up on document #2. If Mr Talerico wants a current form of document #2 to look over, Paul can provide that at any time Mr Talerico is ready.

Let's plan ahead for this Monday filing and let's remember that Exhibit 1, 2 and 3 are large documents which themselves refer to exhibits that are about 34 GigaBytes in size. Mr Talerico has not yet seen Exhibit 2 (Gooch) and it is 80 pages long.

I think Mr Talerico will like document #2 because it makes Mr Talerico look like a 'super-hero'. It is an interesting document.

Thanks, everybody
