Hi Hans,

Just received your letter notifying me of the medical round of deps.  
Thanks for the update.

On another note, I went in to see Dr. Levin earlier this week. She said I'm stuck with something called Dystonia in my right arm. Not sure exactly what that is yet but I do have to see dr Sagerman on the 26th and plan to ask about it.

Thanks again for keeping me updated.  
Paul
