Subject: **SSDI update for Dr's appointment today**

Hi Hans and Janet,

Today I met with Dr. Kathryn Kujawa at Alexian brothers hospital. She diagnosed my right arm as task specific Focal Dystonia and said it can be treated on a temporary basis with Botox injections every 3 months or so. My next appointment is for November 19th at 9:45 am to start the treatments. She said it is definitely caused from the trauma in my right arm. I have included her offices contact info below.

If you need anything else please let me know.

Thanks,

Paul
