Assignment

The purpose of the examination was to determine whether the yellow label that is in question on Item Q-1, also identified as Exhibit Label #12 and the labels submitted as genuine on Items K-1 through K-11 and K-13 through K-15 all originated from the same group or batch of labels.

Procedure

The examination consisted of visual and microscopic study of the font styles, the discriminating variations of letter formations, letter designs, beginnings and endings of letters, t-crossings, spelling of words and exterior and interior shapes of the labels.

Opinion

It is the opinion of this examiner that the label in question identified as Q-1, Questioned Label #12, did not come from the same group or batch of labels identified as Items K-1 through K-11 and K-13 through K-15.

Discussion

Item Q-1, Exhibit Label #12 contained a different font in all of the words on the label (except in the word "Date") and in numerals 1 and 2 as illustrated in the attached charts.

It is important to note that the name of Hans Mast was misspelled on Item Q-1, Exhibit Label #12, as "Hans Mist".

It is noteworthy that in an enlargement of the label identified as Q-1, Exhibit Label #12, is the appearance of a squared outer edge in the upper left corner of the label that can be seen. This differs from the rounded outer edges of the known labels that were used for comparison.

This examination was conducted from machine copies of the document in question and the exemplars used for comparison. I assume that they are accurate reproductions of the originals. If the original documents become available, I am requesting the opportunity to examine the original documents containing the original labels and revisit my opinion. However, I do not believe my opinion will change.

Please allow four weeks in the event that testimony will be required.
